EXPERIENCE (4+ Years)

Software Developer @ UDM Global Solution Private Limited
Jan 2018 – Present

Roles and responsibilities highlights:

- Led a team of 4-6, handling end-to-end development life cycle.
- Designed the project structure.
- Integrated Payment Gateways such as Cashfree, Yes Bank & Paytm in the mobile and web application.
- Built Gateway which interacts between the users and the APIs.
- Integrated Google Map in the web application.
- Built UI to Pick or Select an image from Camera or Gallery and saving it in Azure Storage (Android & iOS).
- Integrated Azure Cognitive Search.

My Work

Blockchain Technology ☒ - It allows digital information to be recorded and distributed, but not edited. In this way, a blockchain is the foundation for immutable ledgers, or records of transactions that cannot be altered, deleted, or destroyed.
